SIR,

I have the honour to forward herewith a list of instruments and books which Mr. M.A. Sampathkumaran, loan scholar in America has purchased for advanced research work in Botany, the cost of which, about Rs.3,620, he prays may be borne by Government. Dr.Coleman, the Director of Agriculture whom I consulted in the matter expresses in his letter No.1932 dated 6th March 1916 (copy enclosed) that the cost need not be borne by Government, if they are for the scholar's own use, as they are all supplied in all respectable laboratories. I do not think that they are needed for the Central College at present. In these circumstances, I am of opinion that Mr. Sampatkumaran may be informed that he has purchased them on his own account, the Government is unable to pay the cost.

I have the honour to be,

Sir,

Your most obedient servant,

M. Shama Rao.

Inspector General.

Letter No.1932 dated 6th March 1916 from the Director of Agriculture in Mysore, to the Inspector General of Education in Mysore.

With reference to your letter No.15920/2633 of 18th February/3rd instant, I have the honour to state that I do not understand for what purpose the instruments etc. have been purchased by Mr. Sampath Kumaran. If they are for his own use I fail to see why Government should assist in the purchase as all the necessary apparatus etc. is supplied in the botanical laboratories of any reputable University, so that there is no need for Mr. Sampath Kumaran to purchase anything more than a few text books and other articles the total of which should not cost more than Rs.100 or Rs.150.

2. If Mr. Sampath Kumaran has a commission from the Mysore Government to purchase apparatus etc. for the botanical laboratory in the Central College, the articles mentioned are all decidedly useful except the specimen collection, the purchase of which I consider as a waste of money.

The list of instruments is returned herewith.
